New addition of Pokemon centers !

Hello Pokemon community,

The Pokemon Center vending machines will be adding several new locations across Las Vegas as it has become clear that the current selection of locations do not meet the satisfaction for the supply and demand. The Pokemon industry prides itself on its proud community, hence the adding of new locations to open more accessible commerce for our community members. These additional machines will be added by June 28, 2026.

New Locations

Locations receiving new vending machines

- 3602 E Bonanza Rd, Las Vegas, NV 89110
- 3850 E Flamingo Rd, Las Vegas, NV 89121
- 2540 S Maryland Pkwy, Las Vegas, NV 89109
- 2255 Las Vegas Blvd N, North Las Vegas, NV 89030
- 1421 N Jones Blvd, Las Vegas, NV 89108
- 850 S Rancho Dr, Las Vegas, NV 89106

The new machines once installed will be part of the community as soon as Jun 28, 2026 as noted above. There will be the same amount of drops for the boxes as we want to continue the amount of ETB's, Booster Bundles, Single packs that are being distributed throughout the day.

The limit will be decreased as three items per check out for a more promising purchase for our product. Cameras will get a live view to avoid the same people from purchasing the pokemon bundles or packs. This will keep the community united as one and make the items accessible to everyone throughout the community. These new vending machines will be at the additional local stores (listed above) and come into play as soon as the drop date. Our goal is to maintain the same level of availability while improving fairness and accessibility for everyone. For any additional questions do not hesitate to reply to this email. As there is a new notification system via email for the drop ship dates to avoid the amount of traffic and increase the number of sales throughout the days.
